Volunteer Services
600 Roe Avenue
Elmira, NY 14905

Dear Prospective Volunteer:

Thank you for your interest in the volunteer program at Arnot Ogden Medical Center. We appreciate your interest in fulfilling our mission to partner with each person to maximize his or her physical, emotional, social, and spiritual health. Over the last six decades, more than 10,000 volunteers have contributed in excess of 3.3 million hours of service.

At AOMC, volunteers make a difference in more than 40 different roles, ranging from clinical areas to office settings to community and fundraising events. Whether you prefer to direct guests upon their entrance to the facility, serve our customers in the gift shop, or provide support for our patients and our staff, we have a role that fits your desires if you are willing to make a commitment to us. Please note that during the academic year, we require college students to contribute three hours a week to a total of 100 hours with a 90 percent attendance rate.

If you are sure that your current schedule can accommodate volunteering, this packet will get you started on the road to joining our team. After reviewing the application process on the next page, you should complete the attached application and return it to the Volunteer Services Office, Arnot Ogden Medical Center, 600 Roe Avenue, Elmira, NY 14905. You may also return it in person (between 8a-6p, M-F), via fax (607-735-5722), or scan it and e-mail it to: rtoonkel@aomc.org. If you fax or e-mail the application, please keep the original so that you can turn it in when we meet in person.

Separate the two reference forms in the back and give each one to a community member with whom you have worked closely with, but who is not related to you (neighbor, colleague, supervisor, teacher, coach, etc.). We can also supply this electronically if it is easier to e-mail to your references. Once your application and two completed reference forms have been received by our office, you will be called for a personal interview. At that time, we will review your interests and discuss the necessary medical screenings/tests that are required.

Before starting their assignments, all volunteers will attend a volunteer orientation, where important information about safety, patient safety, confidentiality, and infection control will be taught. Please note that the process from application to starting as a volunteer may take several weeks.

If you have any questions, please feel free to call us at 607-737-4267 or e-mail us at rtoonkel@aomc.org or tswain@aomc.org. We look forward to having you join our team!

Sincerely,

Theresa Swain
